

Adobe InDesign CS3: Level 2

Course length: 1 day

Certification: Adobe® Certified Expert Program

Course Description

Using Adobe® InDesign®, you have created simple documents. Now, you may need to create huge documents that are attractive as well as can be accessed globally. In this course, you will deploy the advanced InDesign techniques to enhance the look and functionality of your documents.

Course Objective

You will use the advanced features of Adobe InDesign CS3 to create and design content for print and web.

Prerequisites

To ensure successful completion of this course, we recommend that you first complete the Adobe InDesign CS3: Level 1 course or have equivalent knowledge.

Performance-Based Objectives

Upon successful completion of this course, students will be able to:

- manage styles.
- develop complex paths.
- handle page elements.
- import and export data to external files.
- work with XML.
- manage long documents.
- adjust print settings.

COMPLETE COMPUTING, INC.
