## Adobe® Dreamweaver® CS3: Level 1

### Course Specifications

**Course length: 1.0 day(s)**

Certification: Adobe Certified Expert (ACE) Program®

### Course Description

You may want to make information available on the Internet. To achieve this, you need to create a website. In this course, you will design, build, and upload a website using Dreamweaver.

### Course Objective

You will design, build, and upload a website.

### Prerequisites

To ensure the successful completion of Adobe Dreamweaver CS3: Level 1, the student should have an understanding of how to use Microsoft Windows 2000 or Windows XP operating systems.

### Performance-Based Objectives

Upon successful completion of this course, students will be able to:

- prepare to use the Dreamweaver environment.
- create a website.
- add design elements to web pages.
- work with links.
- work with frames.
- upload a website.
