

Microsoft® Office PowerPoint® 2016: Part 2

Course length: 1 day(s)

Course Description

Meetings, instruction, training, pitches; these are all a part of our daily lives. We are often called upon to deliver presentations with little notice, at multiple venues, and with varying requirements. And, some of these presentations include sensitive information that needs to be guarded. Given all the variables, it may seem an overwhelming task to deliver your content, on time, to all audiences, and to only those who need to see it. Oh, and by the way, you need to make it interesting, informative, and memorable. So, how do you do it? Without the help of a robust set of tools, it would be nearly impossible. But Microsoft® Office PowerPoint® 2016 provides you with a variety of such tools that can help you deliver content in nearly any situation, while saving time and effort. By taking advantage of these tools, you will be creating presentations that not only stand out from the crowd, but also don't consume all of your available time.

You can also use the course to prepare for the Microsoft Office Specialist (MOS) Certification exam for Microsoft PowerPoint 2016.

Target Student:

This course is intended for students who have a foundational working knowledge of PowerPoint 2016, who wish to take advantage of the application's higher-level usability, security, collaboration, and distribution functionality.
